RESPIRE

RESPIRE has been formulated specifically for dogs and cats with chronic, bronchial problems.

Coughing, wheezing and laboured breathing symptoms have diminished in cats and dogs taking RESPIRE, as reported by veterinary researchers and practicing veterinarians.

The major active ingredient in RESPIRE is a fraction of our proprietary Cordyceps sinesis, AP 15006, which has been used by many professional animal and human athletes for enhanced heart and lung function for competititve advantage.

RESPIRE also contains Ginseng AP 2001, our exclusive proprietary fraction of North American Ginseng. This fraction is one of the most well researched natural immune enhancers in the world. AP 2001 has been reviewed under the aegis of Health Canada and it has tested at 500 times the recommended dose with no adverse reactions of significance.

Indications: Wheezing, heavy or difficult breathing.

Standardized Fractions by Weight:
Cordyceps sinesis - AP 15006 - 80 mgs.
Ginseng - AP 2001 - 80 mgs.

REJUVEN

REJUVEN has been formulated as a daily supplement for the family pet going into its senior years. It contains four of our very best fractions in a base of Glucosamine HCL.

As a daily supplement, REJUVEN has been formulated to maintain healthy joints, strengthen cardio / pulmonary function, maintain a responsive immune system and sharpen mental alertness.

Indications: The dog or cat has reached middle age and is slowing down. This product is formulated as a lifestyle enhancer for ageing animals. REJUVEN is to be considered as a daily maintenance dose.

Standardized Fractions by Weight:
Ginseng - AP 2001 - 20 mgs.
Cordyceps sinesis - AP 15006 - 30 mgs.
Ginseng - AP 1001 - 20 mgs.
Shark Cartilage - AP 15005 - 30 mgs.
Glucosamine HCL - 100 mgs.

GLUCOSAMINE +

GLUCOSAMINE + is an advanced joint health supplement for animals, based on a combination of Glucosamine HCL, MSM, and Vitamin C as the anti-oxidant.

MSM (Methylsufonylmethane) is an interesting addition to Glucosamine in that it contains high concentrations of sulfur for relief of joint and muscle pain. This ingredient is also used in human supplement / vitamins.

Indications: For assistance with joint health.

Standardized Fractions by Weight:
Glucosamine HCL - 1000 mgs / MSM - 2000 mgs / Vitamin C - 1000 mgs

Made in Canada
